

STORAGE SOLUTIONS FOR KITCHENS

HEINRICH SAGEL (LEFT) AND
HERMANN VAUTH (RIGHT)

Everything starts with an idea. An idea that we believe in, that drives us every day and that surprises and excites us again and again.

”

*We want to create
high-quality system
solutions for living spaces.
For everyone.*

This is the idea that Hermann Vauth and Heinrich Sagel created in 1962. And that we still hold on to today. Every day. To us space is in the eye of the beholder. We see solutions where others look away. We never rest on our laurels. We are always thinking one step ahead and looking for new challenges in order to recognize and redefine the living spaces of tomorrow and to facilitate and beautify everyday life.

*A good kitchen
is a good part
of a good life.*

The kitchen is the centre of household life, in all continents on earth. Priorities differ depending on the cultural area, with design customized according to the tastes and way of life of the residents – but it's always the place where people come together. Where people not only cook and eat together, but also talk, laugh and communicate with each other. A kitchen that is perfectly tailored to the desires and needs of its users, that optimally utilizes all spaces and that combines material quality, convenience, functionality and aesthetics is the ideal to which we have been committed to for more than 50 years.

VARIANTS

Our solutions adapt effortlessly to the widest variety of designs, requirements and needs. This is particularly made possible by the different shelf and colour variants in which

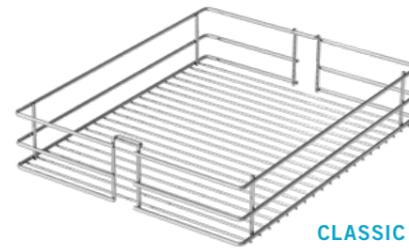

they are available. This freely combinable modular system is a response to people's increasing desire for individuality.

DESIGN VARIANTS

VERSATILE AND FLEXIBEL.

Shape and material are often a matter of taste when choosing baskets. That's why the entire Vauth-Sagel basket line is designed as a modular system in which the guide and the frame can each be combined with all shelf variants.

VS

ENVI

VS ENVI® - WASTE BIN SYSTEMS

Hygiene, environmental awareness and sustainability play a special role in the kitchen - especially in waste disposal. This requires system solutions which maintain both - the cleanliness of the

kitchen and a flexible separation. As a result, it's not only your own living space that stays clean, but nature as well.

EVEN THE UNUSABLE NEEDS SPACE. VS ENVI® Space/S/Pro

Dishes, cutlery, cooking utensils and food share storage space in the kitchen. But waste needs space, too. Thanks to its various volumes, this space-saving system is the optimal solution. The containers are made from high quality plastic with side walls that are especially easy to clean. The full pull-out with shock absorption guarantees quiet closing.

TECHNICAL DETAILS:

- ✓ Cabinet widths: 400, 450, 500, 600, 800 and 900 mm
- ✓ Installation depth:
 - VS ENVI Space, VS ENVI Space Pro: 464 mm
 - VS ENVI Space S : Depth reduced version in the middle part for mounting under-table units: 310 mm
- ✓ Installation height:
 - VS ENVI Space and VS ENVI Space S: 370 mm
 - VS ENVI Space Pro: 470 mm
- ✓ Capacity: 20 to 84 litres
- ✓ Colour variants: silver and lavagrey

CONSUMER BENEFITS

- 

Clearly Arranged Waste Separation
Different bins with the option to store different kinds of waste. So you can easily separate the waste.
- 

Synchronised Runners With Full Extension
Easy removal of the rear bin without first having to remove the front bin.
- 

Extendible Powder Coated Lid
For additional storage space.
- 

Various Bin Sizes
The right size for everyone.
- 

Easy To Clean & Dishwasher Proof
Smooth surfaces for easy cleaning. Bins can be washed in the dishwasher at up to 70°C.
- 

Bin Handles
For bag fastening, easy carrying and removal of the bins.
- 

Optional Lid Variants
Standard lid closed or bio-lid with active carbon filter.
- 

Integrated Soft And Self-Closing
Damping mechanism for smooth and silent closing.

INSTALLER BENEFITS

- 

Special Variant
For under-table units with an installation depth of 310 mm.
- 

For Usage Underneath The Sink Or A Drawer
- 

Installation Template
No measuring necessary.
- 

Tool-Free Assembly Of The System On The Runners
No tools needed when assembling the system on the runners.
- 

3D Cam Shaft Adjustment
Allows simple, convenient front adjustment, even after installing into the cabinet.
- 

Retrofit Ready
Can be installed in existing cabinetry without removing the countertop.

**A BIG HELP IN A
SMALL CABINET.
VS ENVI® Space XX/Pro**

Waste sorting is a big topic even in a small kitchen. Thanks to this solution, though, it's not a big problem. Equipped with a guide system, self-closure and shock absorption, it accommodates large containers even in small kitchen cabinets. The system can be used directly under the counter top, enabling easy input of waste, directly from the work surface.

DETAILS

- ▾ Cabinet widths: 300, 400, 450, 500 and 600 mm
- ▾ Installation height:
 - VS ENVI Space XX: min. 490 mm
 - VS ENVI Space XX Pro: min. 580 mm
- ▾ Installation depth:
 - VS ENVI Space XX: min. 480 mm or min. 520 mm
 - VS ENVI Space XX Pro: 480 mm or min. 520 mm
- ▾ Capacity: 29.5 to 91 litres
- ▾ Colour variants: silver and lavagrey

CONSUMER BENEFITS

-  **Clearly Arranged Waste Separation**
Different bins with the option to store different kinds of waste. So you can easily separate the waste.

-  **3D Cam Shaft Adjustment**
Allows simple, convenient front adjustment, even after installing into the cabinet.
-  **Retrofit Ready**
Can be installed in existing cabinetry without removing the countertop.

FITS IN EVERY KITCHEN. VS ENVI® Fit/Pro

You don't have to turn your entire kitchen on its head to optimize waste sorting. This solution can be integrated in any standard pull-out, to keep the same drawer system in the entire kitchen. The flexible frame replaces the bottom and back wall of the drawer. The casing does not have to be replaced.

DETAILS

- ✓ Cabinet widths: 450, 500 and 600 mm
- ✓ Installation depth: 450 mm
- ✓ Can be installed in 500 mm deep pull-out systems
- ✓ Available bin heights: 323 and 426 mm
- ✓ Colour variants: silver and lavagrey

CONSUMER BENEFITS

A PRACTICAL BOX THAT IS BIG ON ORGANIZATION. VS ENVI® Toolbox

It is easy to handle, flexible and always ready to help you keep things tidy: the VS ENVI® Toolbox. Made of high-quality plastic, each individual component can be combined to meet any need. Here, you have a practical box that is perfectly in tune with your requirements and can be used wherever you like: in the kitchen or laundry room, for hobbies or gardening. As proof that being organized can be simply wonderful, the VS ENVI® Toolbox has won multiple awards from juries made up of renowned experts.

DETAILS

- Measurements: 361 x 161,5 x 209 mm
- Flexible dividers for optimal partitioning
- Detachable small items tray
- Available in 3 different sets
 - Set 1: Box
 - Set 2: Box incl. small items tray
 - Set 3: Box incl. small items tray, 2x divider V / divider U

CONSUMER BENEFITS

Individual application options

Use the Toolbox as it suits you. The trays for small items and the convenient dividers can be flexibly combined to hold cleaning items, tools or more.

Numerous places of use

Ideal for the kitchen and laundry room, for work, hobby and garden – and for transporting bottles thanks to its highly stable construction.

Can be integrated into VS ENVI® container systems

Can be integrated into all VS ENVI® container systems with measurements of 230 x 382 mm. Volumes cover 13, 16, 22 and 28 litres.

Easy To Clean & Dishwasher Proof

Simple removal of the complete system for cleaning. Smooth surfaces for easy cleaning.

COR

VS COR® - CORNER CABINETS

A corner cabinet is not simply a cabinet placed in a corner. With this conceptual approach, we have developed cabinet solutions that not only optimally utilize angled spaces, but instead put

the corner right in the centre of the kitchen experience. As a result, we open up unseen perspectives in the kitchen and allow people to experience space in a new way.

THE MAXXIMUM IN INNOVATION. CORNERSTONE® MAXX

When you open the corner cabinet in the kitchen, you need a solution that meets you with the full contents – without obstructing the adjacent cabinets. CORNERSTONE® MAXX fulfils this need. Straight-extending kinematics with energy storage support, floating design with wide, stable shelf surfaces and simple installation. Your kitchen is upgraded in every respect as a result.

DETAILS

- ✓ Cabinet widths: 800, 900 and 1000 mm
- ✓ Door widths: 400, 450, 500 and 600 mm
- ✓ Installation depth: min. 490 mm
- ✓ Installation heights:
 - 2 trays: 650 – 850 mm
 - 4 trays: 1350 – 1600 mm
- ✓ Load capacity: max. 25 kg per tray
- ✓ Storage versions: Premea and Planero®

CONSUMER BENEFITS

PAM: Power Assisted Movement

Dual-direction power mechanism, makes accessing and returning trays super easy.

L-Movement

This unique movement of the trays allows easy access to neighbouring cabinets.

Independent Movement Of Shelves

The top tray moves independently of the bottom tray, which allows easy access to either.

Weight Capacity Of 25kg Per Tray

Enables the storage of large stacks of plates or heavy pots and pans.

Height Adjustable Trays

Each tray is easily adjusted up or down, allowing you to custom build your own CORNERSTONE® MAXX to your tastes and needs.

Integrated Soft And Self-Closing

Damping mechanism provides a soft-close action of the unit.

Floating Design

Making your kitchen a true eyecatcher for get-togethers with your family & friends.

INSTALLER BENEFITS

Installation Template Included For Easy Installation

Measure your opening – then line up with the arrow on the installation template. Excellent results in minutes.

Three Simple Installation Steps

For fast and easy installation.

Easy-Fit

Tool-free installation of the trays on the support arms.

Unhanded Installation

No need to worry about right or left handed applications, the CORNERSTONE® MAXX fitting works both ways!

Fewer Parts – Less Warehousing

The system consists of just three parts.

Retrofit Ready

Can be installed in existing cabinetry without removing the countertop.

THE CORNER IN THE CENTRE. CORNERSTONE® Swing

The CORNERSTONE® Swing carousel moves the entire content in front of the unit, thereby unlocking completely new design perspectives. The shelves swivel out to a comfortable distance away from the cabinet; everything is within easy reach. Each shelf can be attached at the required height, and the shelves disappear back inside the unit when the door is closed.

DETAILS

- ✓ Cabinet widths: 800, 900, 1000 and 1200 mm
- ✓ Door widths: 400, 450, 500 and 600 mm
- ✓ Minimum installation height: 610 - 770 mm
- ✓ Load capacity: max. 18 kg per tray
- ✓ Storage versions: Basic, Premea

CONSUMER BENEFITS

Independent Movement Of Shelves

For more convenient and better access to the lower tray.

Door-Mounted Lower Tray

The lower tray is attached to the door and follows when the door is opened - both trays close as the door closes.

L-Movement

This unique movement of the trays allows easy access to neighbouring cabinets.

Integrated Soft And Self-Closing

Damping mechanism provides a soft-close action of the unit.

INSTALLER BENEFITS

Installation Template Included For Easy Installation

Measure your opening – then line up with the arrow on the installation template. Excellent results in minutes.

Unhanded Installation

No need to worry about right or left handed applications, the CORNERSTONE® Swing works both ways!

Easy Assembly

Only support pole needs to be mounted.

Retrofit Ready

Can be installed in existing cabinetry without removing the countertop.

EVERYTHING
 REVOLVES AROUND YOU.
 VS COR® Wheel Pro

When it comes to kitchen corners, the more accessible storage space, the better. That's why this corner cabinet solution has no central, space-consuming standpipe, which gives you up to 20 percent more storage area – ideal for bulky kitchenware. The bases are held stable by a traverse running crosswise through the cabinet. The hidden mechanism also supports the aesthetic impression.

DETAILS

- ✓ Cabinet widths: 800 x 800, 900 x 900 mm
- ✓ Side installation depth: min. 490 mm
- ✓ Installation height: min. 650 mm
- ✓ Load capacity: max. 27.5 kg per tray
- ✓ Unit versions: 3/4 and 4/4
- ✓ Storage versions: Basic, Premea and Planero®

CONSUMER BENEFITS

Optimal Access

Even the items in the back can be easily reached.

No Center Pole

Unique design gives the appearance that the trays are floating in midair, while offering up to 20% more storage space.

Floating Design

With hidden support arms and no center pole, make your kitchen a true eye catcher for get-together with family and friends.

Height Adjustable Trays

Each tray is easily adjusted up or down, allowing you to custom build your own VS COR® Wheel Pro to your tastes and needs.

High Load-Capacity

Each tray holds up to 27.5 kg of storage.

INSTALLER BENEFITS

EasyFit

Tool-free installation of trays on the support arms and the support arms on the side grid.

For Base And Tall Cabinets

Can be installed not only in base cabinets but also in tall cabinets.

Retrofit Ready

Can be installed into existing cabinetry without removing the countertop.

THE CLASSIC CORNER CABINET
FOR FOLLOWING DOORS.
VS COR® Spin 71

By the folding of the doors, through the rotation to the dampened closing movement, the corner cabinet solution VS COR Spin 71 offers an almost seamless movement. The VS COR® Spin 71 is a classic among the corner cabinet solutions.

DETAILS

- ✓ Cabinet widths: 800 x 800 and 900 x 900 mm
- ✓ Installation height: 632 – 890 mm
- ✓ Unit versions: 7/8 shelf
- ✓ Storage versions: Premea and Planero®

CONSUMER BENEFITS

Comfortable Access

Even the items in the back can be easily reached.

Adjustable Rotation Speed

Easily adjustable rotation speed according to your preferences.

Integrated Soft And Self-Closing

Excellent movement and closing sequence with integrated, individually adjustable closing damping.

INSTALLER BENEFITS

Uniform Door Application

Optimum stability for standard and face frame doors.

One Fitting

Same fitting for 800 and 900 mm cabinet width.

Height Adjustable Standpipe

Adapts to different cabinet heights.

3D Front Adjustment

Perfect reveal alignment through three-dimensional front adjustment (height, sides, depth).

URNS A FOLD INTO KITCHEN GOLD. VS COR® Fold

Regardless of what you've stored in the corner cabinet – with this solution, you can reach it effortlessly. Upon opening, the front baskets fluidly swivel out and facilitate access to the rear baskets, which automatically move into the front cabinet section. The integrated shock absorption with self-closure ensures silent closure.

DETAILS

- ✓ Cabinet widths: min. 800, 900 mm
- ✓ Door widths: min. 400 and 450 mm
- ✓ Minimum installation depth: 485 mm
- ✓ Minimum installation height: 530 mm
- ✓ Load capacity:
 - Front basket: max. 8 kg
 - Rear baskets 9.5 kg each
 - Total load capacity: max. 35 kg
- ✓ Storage versions: Classic, Saphir, Premea, Artline and Planero®

CONSUMER BENEFITS

Comfortable Access

Rear baskets automatically move to the front, when opening the door.

Complete Visibility With One Pull

Open the door and every item is instantly visible.

Save Time

No need to constantly move around items to find the one you need – everything is stored in an easy access format.

Height Adjustable Trays

Each tray is easily adjusted up or down, allowing you to custom build your own VS COR® Fold to your tastes and needs.

Integrated Soft And Self-Closing

Damping mechanism for smooth and silent closing.

INSTALLER BENEFITS

EasyFit

Toolless assembly of the front to the pull-out.

Easy installation

Fixation of the pivot point without measuring, simply clip into the mounted frame.

Retrofit Ready

Can be installed in existing cabinetry without removing the countertop.

A FIRM GRIP ON SPACE. VS COR® Fold G

Everything under control: in this variant, the front connection is replaced by a handle to manually move the baskets in front of the cabinet. Of course we maintained characteristic such as the easy to open and close movement, integrated shock absorption and self closure, as well as the simple assembly.

DETAILS

- ✓ Cabinet widths: min. 800, 900 mm
- ✓ Door widths: min. 400 and 500 mm
- ✓ Installation depth: min. 485 mm
- ✓ Installation height: min. 600 mm
- ✓ Load capacity:
 - Front basket: max. 8 kg
 - Rear baskets 9.5 kg each
 - Total load capacity: max. 35 kg
- ✓ Storage versions: Classic, Saphir, Premea, Artline and Planero®

CONSUMER BENEFITS

Comfortable Access

Comes with a handle to move the baskets in front of the cabinet.

Height Adjustable Trays

Each tray is easily adjusted up or down, allowing you to custom build your own VS COR® Fold G to your tastes and needs.

Integrated Soft And Self-Closing

Damping mechanism for smooth and silent closing.

INSTALLER BENEFITS

EasyFit

Fixation of the pivot point without measuring, simply needs to be clipped into the mounted frame.

Retrofit Ready

Can be installed in existing cabinetry without removing the countertop.

ACCESS TO EVERY CORNER. VS COR® Flex

Even the largest storage space is useless if it's not accessible. That's why this system enables full access to the cabinet contents, transforming every corner into functional space. Installation is unhandled: the frame is mounted to the bottom of the corner cabinet.

DETAILS

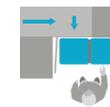

- ✓ Cabinet widths: 900, 1000 and 1200 mm
- ✓ Door widths: 450 - 600 mm
- ✓ Minimum installation depth:
 - 480 mm for cabinet constructions with post
 - 515 mm for blind side cabinet constructions
- ✓ Minimum installation height: 530 mm
- ✓ Load capacity: max. 32 kg
- ✓ Storage versions: Classic, Saphir, Premea and Planero®

CONSUMER BENEFITS

Maximum Access

Unique design allows easy access to 100% of the cabinet.

Lock-system

This frame only allows desired movement, preventing accidental closing of trays and potential damage to surrounding cabinets.

Integrated Soft And Self-Closing

Damping mechanism for smooth and silent operation. No more rattling of pots and pans

INSTALLER BENEFITS

Installation Template Included For Easy Installation

Measure your opening – then line up with the arrow on the installation template. Excellent results in minutes.

Unhanded Installation

No need to worry about right or left handed applications, the VS COR® Flex works both ways!

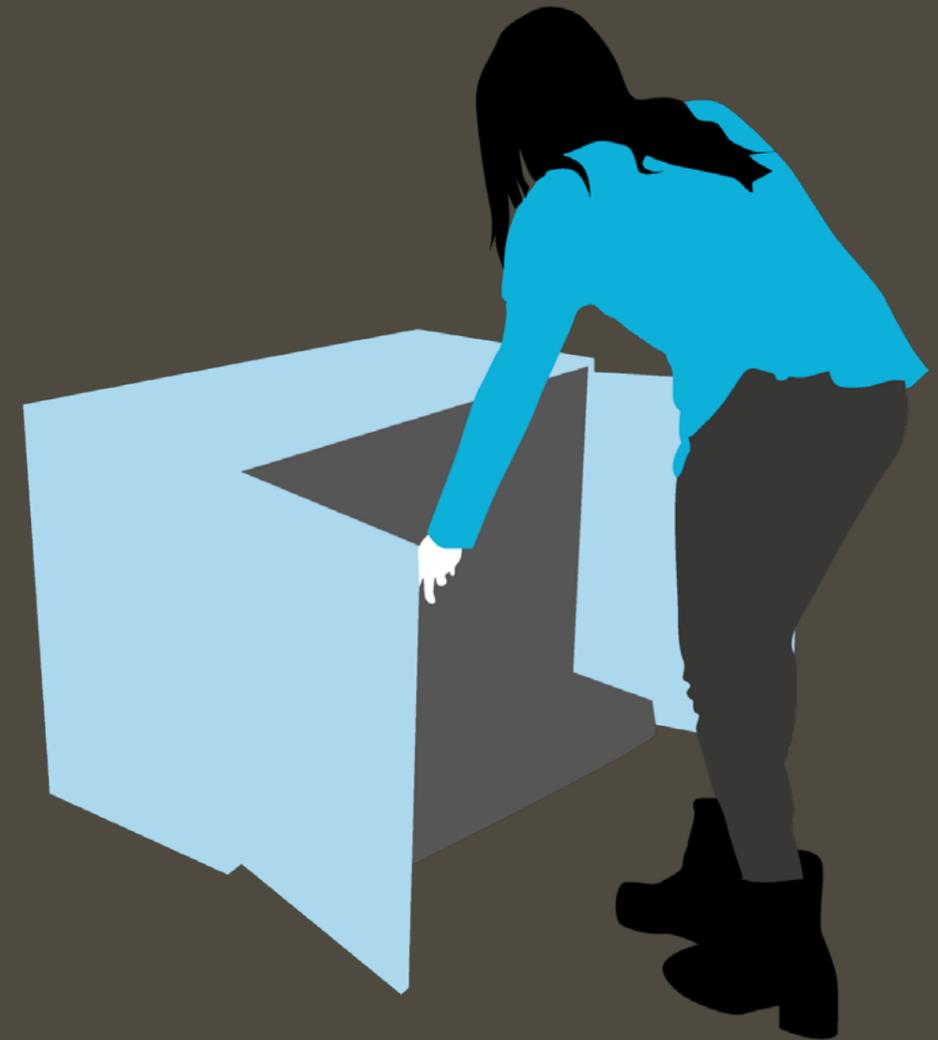

Easy Bottom Mount Installation

Just a few screws secure the frame to the cabinet, and the VS COR® Flex is ready for action!

Retrofit Ready

Can be installed in existing cabinetry without removing the countertop.

VS SUB® - BASE CABINETS

The base cabinet is the fundament of every kitchen. What happens under the work top is as important as what happens on top. Whether food or cooking utensils, cutlery or dishes,

whether for a small student's flat or a trendy loft – our base cabinet solutions are intelligent, versatile and flexible in order to make every day life easier.

VS
SUB

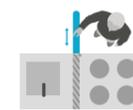

NO GAP IS TOO SMALL. VS SUB[®] Slim

Niches in the kitchen often remain unused – until now. With two stationary shelves, usable as a hand towel holder or baking sheet holder, the smallest gap becomes a variable storage space miracle.

DETAILS

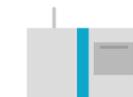

- ✓ Cabinet width: 150 mm
- ✓ Minimum installation height: 530 mm
- ✓ Minimum installation depth: 495 mm
- ✓ Load capacity: max. 6 kg per tray element
- ✓ Storage versions: Premea and Planero[®]
- ✓ Additional versions available: 90° or 45° angled front, towel holder and baking tray holder

CONSUMER BENEFITS

Comfortable Access

Bring items stored in the back of the cabinet to the front for easy access.

Optimal Use Of Space

Utilise every cm of your cabinet space by utilising narrow niches for additional, convenient storage.

Complete Visibility With One Pull

Open the door and every item is instantly visible.

Save Time

No need to constantly move around items to find the one you need – everything is stored in an easy access format.

Integrated Soft And Self-Closing

Damping mechanism for smooth and silent usage – no more ratteling of stored items.

INSTALLER BENEFITS

Right Hand Installation Only

No need to worry about right or left handed applications, the VS SUB[®] Slim can only be installed only on the right hand side.

Tool-Free Connection

Toolless assembly of the pull-outs on the runners.

3D Front Adjustment

Allows simple, convenient front adjustment, even after installing into the cabinet

Retrofit Ready

Can be installed in existing cabinetry without removing the countertop.

ALWAYS AT YOUR SIDE. VS SUB® Side

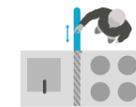

The demands in the kitchen change at a rapid pace. The traditional system that fits into any space has been redeveloped in terms of design and functionality. The basic pull-out, which fits into any space, is an unbeatable bestseller.

DETAILS

- ✓ Cabinet widths: 150, 200* and 300* mm
- ✓ Installation depth: min. 495 mm
- ✓ Installation height: min. 485 mm
- ✓ Load capacity: max. 20 kg
- ✓ Storage versions for 90°, 45° and 35° models
- ✓ Shelf elements for storing hand towels and baking sheets
- ✓ Storage versions: Classic, Saphir, Premea, Artline and Planero®*

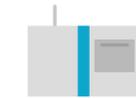

*Planero is only available for cabinet widths 200 and 300 mm and for 90° angled front.

CONSUMER BENEFITS

Comfortable Access

Bring items stored in the back of the cabinet to the front for easy access.

Optimal Use Of Space

Utilise every cm of your cabinet space by utilising narrow niches for additional, convenient storage.

Complete Visibility With One Pull

Open the door and every item is instantly visible.

Save Time

No need to constantly move around items to find the one you need – everything is stored in an easy access format.

Height Adjustable Trays

Each tray is easily adjusted up or down, allowing you to custom build your own VS SUB® Side to your tastes and needs.

Integrated Soft And Self-Closing

Damping mechanism for smooth and silent usage - no more ratteling of stored items.

INSTALLER BENEFITS

Installation Template For Easy Installation

No measuring necessary.

Unhanded Installation

No need to worry about right or left handed applications, the VS SUB® Side works both ways!

Tool-Free Front Connection

No tools needed when attaching the cabinet front.

3D Front Adjustment

Allows simple, convenient front adjustment, even after installing into the cabinet.

Two & Three Set Basket Options

For ideal utilisation of higher and lower installation heights.

Retrofit Ready

Can be installed in existing cabinetry without removing the countertop.

ABONUS FOR EVEN THE SMALLEST CORNER. VS SUB[®] Rack

This robust basic pull-out rack doesn't need much space to shine with clever functionality. The slimmer versions are ideal for storing bottles of oil or vinegar and spices, for example, within easy reach. The wider version is suitable for storing pots, pans and crockery and also perfect for the hygienic storage of fruit and vegetables, as so little of the rack's surface touches them directly and it allows the air to circulate.

DETAILS

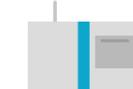

- ✓ Cabinet widths: 150, 200, 300, 400 and 450 mm
- ✓ Minimum installation depth: min. 500 mm
- ✓ Minimum installation height: min. 515 mm
- ✓ Load capacity: max. 12 kg
- ✓ Available with and without connection to the front (inside rack without connection to the front and front rack with connection to the front)

CONSUMER BENEFITS

Complete Overview At One Pull

When opening, full visibility of the stored goods is provided.

Comfortable Use Of Space

Utilise every inch of your cabinet space by utilising narrow niches for additional, convenient storage.

Complete Visibility With One Pull

Open the door and every item is instantly visible.

Save Time

No need to constantly move around items to find the one you need – everything is stored in an easy access format.

Optimum Air Circulation

Hygienic storage of fruit and vegetables, cause wire trays allow the air to circulate.

Integrated Soft And Self-Closing

Damping mechanism for smooth and silent usage – no more rattling of stored items.

INSTALLER BENEFITS

3D Front Adjustment

Allows simple, convenient front adjustment, even after installing into the cabinet.

Retrofit Ready

Can be installed in existing cabinetry without removing the countertop.

A NICE MOVE TO THE BASKET. VS SUB[®] Basket Planero

Sometimes the simple solution is the best option. Usable as an internal pull-out, this basket pull-out is equipped with a self-closing mechanism and integrated soft-closing.

DETAILS

- ↘ Cabinet widths: 400, 450, 500, 600, 800 and 900 mm
- ↘ Installation depth: min. 485 mm
- ↘ Installation heights:
 - 160 mm with runner as internal pull-out without front connection
- ↘ Load capacity: max. 30 kg per basket
- ↘ Storage versions: Planero[®]

CONSUMER BENEFITS

Comfortable Access

Bring items stored in the back of the cabinet to the front for easy access.

Independent Movement Of Shelves

For more convenient and better access to the lower shelf.

Integrated Soft And Self-Closing

Damping mechanism for smooth and silent usage – no more ratteling of stored items

INSTALLER BENEFITS

Tool-Free Assembly Of Pull-Outs On Runners

Toolless assembly of the trays on the runners.

Retrofit Ready

Can be installed in existing cabinetry without removing the countertop.

CONVENIENCE AT YOUR FINGERTIPS. VS SUB[®] Basket

With this convenient basket pull-out, which is available with one or several baskets that can be pulled out individually, you can comfortably access pots, pans, crockery or also food from above. It also offers the ideal storage conditions for potatoes, onions, fresh fruit and vegetables as so little of the surface touches them directly and the baskets allows the air to circulate.

DETAILS

- ✓ Cabinet widths: 400, 450*, 500*, 600*, 800, 900, 1000 and 1200 mm
- ✓ Minimum installation depth: min. 515 mm
- ✓ Minimum installation heights:
 - 160 mm with runner as internal pull-out without front connection
 - 185 mm with runner as front pull-out with front connection (only Saphir)
- ✓ Load capacity: max. 20 kg per basket
- ✓ Storage versions: Classic* and Saphir

*Classic basket versions as internal pull-out without front connection and for cabinet widths 450, 500 und 600 mm only

CONSUMER BENEFITS

Comfortable Access

Bring items stored in the back of the cabinet to the front for easy access.

Optimum Air Circulation

(Applies only to wire mesh storage trays)
Hygienic storage of fruit and vegetables, cause wire trays allow the air to circulate.

Independant Movement Of Shelves

For more convenient and better access to the lower shelf.

Door-Mounted Lower Shelf (Applies only to version with front connection)

The lower shelf opens automatically when opening the door – for more convenient usage. Both shelves close automatically when closing the door.

Integrated Soft And Self-Closing

Damping mechanism for smooth and silent usage – no more ratteling of stored items.

INSTALLER BENEFITS

Tool-Free Assembly Of Pull-Outs On Runners

Toolless assembly of the baskets on the runners.

3D Front Adjustment (Applies only to version with front connection)

Allows simple, convenient front adjustment, even after installing into the cabinet.

Retrofit Ready

Can be installed in existing cabinetry without removing the countertop.

A PULL-OUT AWASH WITH GREATNESS. VS SUB[®] Sink

The kitchen sink harbours untapped potential. The storage space in front of and next to it is significant. With this practical sink basket pull-out, it becomes accessible – thanks to self-closure and an integrated shock absorption system.

DETAILS

- ✓ Cabinet widths: 800, 900, 1000 and 1200 mm
- ✓ Minimum installation depth: min. 515 mm
- ✓ Minimum installation height: 185 mm with runner and front connection
- ✓ Load capacity: max. 20 kg
- ✓ Storage version: Saphir

CONSUMER BENEFITS

Comfortable Use Of Space

Uses the often unused space around the sink.

Optimum Air Circulation

Wire tray allows the air to circulate.

INSTALLER BENEFITS

Tool-Free

Toolless assembly of the system on the runners.

3D Front Adjustment

Allows simple, convenient front adjustment, even after installing into the cabinet.

Retrofit Ready

Can be installed in existing cabinetry without removing the countertop.

VS
TAL

VS TAL[®] - TALL CABINETS

An elegant tall cabinet is the gateway to a good kitchen life. As a storage cabinet for food or as a practical storage option for kitchen utensils, it significantly contributes to

improved working efficiency and an increased quality of life. Neither narrow gaps nor small opening angles stand in the way of our top cabinet solutions.

THE GATEWAY TO
MAXIMUM STORAGE SPACE.
VS TAL® Gate

This tall cabinet solution opens up the best perspectives in the kitchen. Developed for maximum storage space and easy access, it sets new standards in convenience and design. It is particularly characterized by the opening mechanism that automatically moves the stored goods toward the user in one go, providing for an optimal overview.

DETAILS

- ✓ Cabinet widths: 450, 500 and 600 mm
- ✓ Installation depth: min. 480 mm
- ✓ Installation height: 650 – 2140 mm
- ✓ Total load capacity: max. 75 kg
- ✓ Storage versions: Classic, Saphir, Premea, Artline and Planero®

CONSUMER BENEFITS

- 

Comfortable Access
 Trays come automatically outside the cabinet when opening the door for easy access from two sides.
- 

Optimal Use Of Space
 Large storage capacity on a small space requirement for all your dry supplies.
- 

Complete Visibility With One Pull
 Open the door and every item is instantly visible.
- 

Save Time
 No need to constantly move around items to find the one you need – everything is stored in an easy access format.
- 

Height Adjustable Trays
 Each tray is easily adjusted up or down, allowing you to custom build your own VS TAL® Gate to your tastes and needs.

INSTALLER BENEFITS

- 

Unhanded Installation
 No need to worry about right or left handed applications, the VS TAL® Gate works both ways!
- 

EasyFit
 Toolless frame assembly on the lower runnerToolless connection between the driver and support frame.
- 

Different Set Basket Options
 For ideal utilisation of higher and lower installation heights. Also available for base cabinets.
- 

Retrofit Ready
 Can be installed into existing cabinetry.

EVEN MORE SPACE FOR YOUR IDEAS. VS TAL® Gate Pro

Storage cupboard pull-outs are indispensable in a modern kitchen. The system fittings not only provide storage options with lots of room, but also meet all of the requirements for a convenient storage space solution. This can be true all the way up to a chef pantry, in which two storage cabinets are installed adjacent to each other.

DETAILS

- ✓ Cabinet widths: 450, 500 and 600 mm
- ✓ Installation depth: min. 480 mm
- ✓ Installation height: 650 – 2140 mm
- ✓ Load capacity:
 - front basket max. 20 kg (5 kg per basket),
 - pull-out max. 80 kg (20 kg per basket)
- ✓ Storage versions: Classic, Saphir, Premea, Artline and Planero®

CONSUMER BENEFITS

Comfortable Access

Brings all content to the front. So everything that is stored in the rear area can be reached comfortably and easily.

Additional door rack

Thanks to the additional sorting, the door shelves enable better interior organisation and thus provides a better overview.

Complete Visibility With One Pull

Open the door and every item is instantly visible.

Save Time

No need to constantly move around items to find the one you need – everything is stored in an easy access format.

Height Adjustable Trays

Each tray is easily adjusted up or down, allowing you to custom build your own VS TAL® Gate Pro to your tastes and needs.

Integrated Soft And Self-Closing

Damping mechanism for smooth and silent usage - no more ratteling of stored items.

INSTALLER BENEFITS

EasyFit

Unhandled Installation

No need to worry about right or left handed applications, the VS TAL® Gate Pro works both ways!

Different Set Basket Options

For ideal utilisation of higher and lower installation heights. Also available for base cabinets.

Retrofit Ready

Can be installed into existing cabinetry.

SPACE NEVER
RUNS SHORT HERE.
VS TAL® Gate N

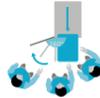

Space-saving solutions are especially important in the kitchen: like this practical pull-out that makes the best of narrow tall cabinets. With just one grasp, it provides a view of the entire contents of the cabinet. The approx. 160° door opening and the height-adjustable shelves allow for customized adjustments.

DETAILS

- ✓ Cabinet widths: 300 and 400 mm
- ✓ Installation depth: min. 480 mm
- ✓ Installation height: 650 to 2140 mm
- ✓ Load capacity: max. 75 kg
- ✓ Storage versions: Classic, Saphir, Premea and Planero®

CONSUMER BENEFITS

- 

Comfortable Access
Bring items stored in the back of the cabinet to the front for easy access.
- 

Maximal Access From Minimum Opening
The wide 160° opening angle allows for access from 3 sides.
- 

Complete Visibility With One Pull
Open the door and every item is instantly visible.
- 

Save Time
No need to constantly move around items to find the one you need – everything is stored in an easy access format.
-

Retrofit Ready

Can be installed in existing cabinetry.

**A BONUS
FROM TOP TO BOTTOM.
VS TAL[®] Rack**

Regardless of how well a kitchen has been planned, there will always be a few corners where storage space is wasted. This tall cabinet pull-out rack is only fifteen centimetres wide and is equipped with five baskets at various conveniently arranged heights. They offer space for spices, glasses and containers that you would like to store in a handy place but not necessarily on view.

DETAILS

- ✓ Cabinet width: 150 mm
- ✓ Installation depth: min. 500 mm
- ✓ Installation height:
 - min. 1780 mm
 - Also available as a mid-board version with a minimum installation height of 990 mm
 - Tall cabinet = 5 trays
 - Midboard = 3 trays
- ✓ Load capacity: max. 25 kg

CONSUMER BENEFITS

Comfortable Access

Bring items stored in the back of the cabinet to the front for easy access from two sides.

CONSUMER BENEFITS

Extended overview

Open the door and every item is instantly visible.

Easy to clean

The smooth surfaces are easy to clean.

High stability

**ENOUGH SPACE FOR
ALL THE LITTLE THINGS.
VS ADD® T.O.M.**

The drawer chaos in kitchens, apartments, bathrooms and offices has finally come to an end. All the small and useful things of our daily life that were stuffed into drawers are put into order and have their place now. T.O.M. , the Door Order Module, is a unique Vauth-Sagel invention. Optimal use of limited storage space; every inch is used in an efficient way. T.O.M. is simply a genius in using the space of cabinet doors that is normally wasted. Easy installation. Any cabinet door offers the necessary space for T.O.M.

DETAILS

- ✓ Cabinet widths: 300, 400, 450, 500 and 600 mm
- ✓ Installation height: min. 480 mm
- ✓ Construction: high-tech aluminium frame with different storage elements made of scratch-proof clear plastic
- ✓ Four different kinds of storage elements in every T.O.M.
 - Low, but wide elements
 - Narrow, but deep elements
 - Magnetic areas
 - Hook strips with bungee cords
- ✓ Hidden fixing points, no screws spoil the sleek design

CONSUMER BENEFITS

Additional storage space

Hidden fixing points

No screws spoil the sleek design.
